

Client Overview: W R Berkley

DOCOSOFT: providing innovative claims management software solutions for the global insurance and financial services markets since 1997

The W R Berkley Claims Management System went Live in June 2013. Since then DOCOSOFT has worked closely with W R Berkley to develop a comprehensive, established solution that encompasses Northdoor UW System and FileNet DMS Integrations and provides the leading Lloyd's Underwriter with a flexible, scalable platform that meets its business needs, offering an integrated solution from insurance systems to IT support. More recently, DOCOSOFT assisted the W R Berkley team with its MS Exchange Upgrade in 2015.

DOCOSOFT IS THE LEADING PROVIDER OF CLAIMS MANAGEMENT SERVICES TO THE LONDON INSURANCE MARKET. OUR SOLUTIONS ARE TAILORED TO EACH CLIENT, DESIGNING AND CREATING SOLUTIONS WITH THEIR CLAIMS MANAGEMENT NEEDS IN MIND. DOCOSOFT WORKS HARD TO UNDERSTAND ITS CLIENTS AND ALWAYS FORMS STRONG WORKING RELATIONSHIPS.

According to its website, W. R. Berkley Syndicate 1967 is a Lloyd's syndicate specialising in underwriting a worldwide portfolio of insurance and reinsurance risks.

The experienced underwriting team of Syndicate 1967 is committed to adding value to its brokers and clients through quickly assessing the clients' real needs and has the ability to deliver key decisions and solutions in a competitive timescale.

W. R. Berkley Syndicate 1967 is committed to the efficient, accurate and timely assessment of claims and strives to develop its systems,

processes and knowledge to maintain its position at the forefront of the market.

Relationships with clients, coverholders, brokers and intermediaries are paramount and the company endeavours to build on the existing strong relationships within the syndicate by providing an unparalleled service.

Its claims commitment is reinforced through its claims management team working closely with, although remaining independent, of the company's Underwriting teams.
